Comments for Public Posting: Hi, my name is Anahi. I am discussing item number 20 and general comment. I am a renter, and I live in CD10. I strongly urge you to prioritize and allocate \$3.7 million in funding for Rental Assistance and \$4.6 million for Legal Services through the Stay Housed LA Program. Rental Assistance and Legal Services are not just beneficial — they are essential symbiotic services for tenants, whether it's preventive to ensure tenants are not served an eviction notice, or defensive to defend against an eviction and keep tenants from becoming unhoused. We urge you to vote YES in favor of LAHD's report recommendations, allocating \$3.7 million in funding to support Rental Assistance and \$4.6 million in Legal Services through the Stay Housed LA Program to help your constituents in the City of LA. Last week, we learned that the RFP has been delayed, and threatens once again, an interruption in services to tenants in need. SHLA is now at risk of running out of enough legal service and rental assistance funds to represent tenants in court as early as November 1, 2025. The people who depend on them will suffer real and immediate consequences: displacement and homelessness. Because the RFP process has now been paused, we urge you to extend the SHLA contract for an additional 5 months and fully fund legal services, rental assistance, and outreach and education, to avoid any service interruptions that would harm tenants and put them at risk of displacement. In addition, I am here to urge you to update LARSO and urge you to pass Keep LA Housed Coalition demands on LARSO that will cap the rent at 3%.

Comments for Public Posting: Good morning, my name is Heidi Gonzalez. I am want to give my comment on item number 20 and general comment. I am a tenant in LA I was a beneficiary of SHLA when I was going through an eviction, now I work as a tenant organizer and after my work hours, I volunteer a lot of my time helping tenants in need. I strongly urge you to prioritize and allocate \$3.7 million in funding for Rental Assistance and \$4.6 million for Legal Services through the Stay Housed LA Program. Rental Assistance and Legal Services are not just beneficial — they are essential symbiotic services for tenants, whether it's preventive to ensure tenants are not served an eviction notice, or defensive to defend against an eviction and keep tenants from becoming unhoused. We urge you to vote YES in favor of LAHD's report recommendations, allocating \$3.7 million in funding to support Rental Assistance and \$4.6 million in Legal Services through the Stay Housed LA Program to help your constituents in the City of LA. General Public Comment: Last week, we learned that the RFP has been delayed, and threatens once again, an interruption in services to tenants in need. SHLA is now at risk of running out of enough legal service and rental assistance funds to represent tenants in court as early as November 1, 2025. Comments for Public Posting: There is a lot to say regarding the funds for Rental Assistance and Legal Services, personally as a renter in LA know that these funds will support folks going through a hard time and ensure that they are able to keep themselves housed. If the point is to have more folks in the streets or in shelters then it makes sense not to release these funds to the public via Stayhousedla. Once again I urge you to vote YES in favors of LAHD report recommendations allocating \$3.7 million in funding to support Rental Assistance and \$4.6 million in Legal Services through the Stay Housed LA Program to help your constituents in the City of LA. There are lots of constituents that depends on these resources and lets not get into the eviction process. Not only is it one of the most time consuming things of all time but it is not somethings folks can learn from one day to another or even know how to use what they learn in court. Legal representation is crucial to defending cases, cases that most of the time have other underlying issues than the one put on the documents, which is something most lawyers will be able to figure out and support accordingly. If funding is not released legal representation for the city will be cut off by November 1, 2025. Leaving tenants to search for alternatives that not only will not have time for them but will charge for services, folks being taken to court hardly have the funds to find legal representation let alone find another unit. In addition, I am here to urge you to update LARSO and urge you to pass Keep LA Housed Coalition demands on LARSO that will cap the rent at 3%

Comments for Public Posting: Hi my name is Cinthia and I work and lived in CD14 area. I am here to discuss item 20 and general public comment. Los Angeles is experiencing and going through a serious crisis in homelessness. Everyone wants to know how can we stop it? How can we put a bandaid? We do it through services, care and intention. Stay Housed LA is one of the answers to ensuring that the constituents in all of your districts stay housed by providing services like legal support, education, outreach and tenant navigation. We urge you all to prioritize funding to this program that has helped so many Angelenos with a holistic support. We urge you to vote YES on LAHDs report recommendations and funding \$3.7 million in rental assistance and \$4.6 in legal services and support. Thank you.
