Comments for Public Posting: Brenda Barnett doesn't have money to reopen west valley shelter but let's take money from Animal fund for a website and marketing? Are you crazy? Get someone in there that knows how to run a shelter. Brenda doesn't care about animals. Why should that animal fund pay for website. That should come out of LASS budget.

Comments for Public Posting: I oppose the use of donations for website, marketing and PR spending. These funds should be used directly for the animals in need as most who are making the donations expect. Brenda Barnette continues to mismanage funds and not act in the best interest of the animals under her care. Don't let this be another example.

Comments for Public Posting: I do not want you to use funds, that were dedicated to the welfare of animals, to update the website and marketing. There is absolutely no reason this project should cost \$1.5 million dollars. This is a corrupt tactic by Brenda Barnette to pay her friends at The Glue LLC. This is unacceptable. There a dogs sleeping in concrete due to lack of beds. There an innocent animals being euthanized everyday due to lack of funding. I can't believe those who are supposed to represent their constituents are willing to put profits of their friends over the well being of animals.
