Comments for Public Posting: Open the shelter. Every single vacant and available building ought to be repurposed for use as shelter or housing immediately. Over 964 homeless people have died in 2020. It's an outrage that this is even up for a debate while our fellow Angelenos are dying on the streets.

Comments for Public Posting: As a resident of Los Angeles, I care deeply about sheltering our unhoused neighbors during the COVID-19 pandemic and getting them into permanent housing. Reopening the Cole Recreation Center will do just that. Thank you.

Comments for Public Posting: The Cole Recreation Center should be a shelter for our unhoused neighbors. Between the pandemic, economic disaster, fires, horrible air quality and rainy season impending, please take this long needed, pointlessly delayed action.
