Comments for Public Posting: I am submitting public comment in support of converting the Hollywood Rec Center to interim homeless housing for folks in CD13. I volunteer with our unhoused neighbors weekly, and I know from experience that the primary barrier keeping them on the street is the total lack of available shelter beds and housing, especially during COVID-19. The conversion of the rec center to interim housing will help a great many people, and is worth the effort. Thank you.

Comments for Public Posting: I am writing to voice my strong support for the reopening of the Hollywood Cole Recreational Center as a temporary bridge housing facility. This will enable our unhoused neighbors to get the shelter & services they need during this crisis, which is anticipated to worsen during the winter. This can also open up more opportunities for business owners to open up street permitted business (ie. dining tables on sidewalks and in parking zones). We need many more permanent shelters, however, using this rec center for the purpose of serving the unhoused while strengthening our economy will help our whole community through this health crisis. Thank you for your work. Sincerely, Danielle Bond (resident of Atwater Village and volunteer for homeless outreach)

Comments for Public Posting: Strongly support this overdue and necessary action. It's inhuman to leave people unsheltered at any time but especially during a pandemic. Everyone should have a roof over their heads. And with supportive services and the support of their community the unhoused can get back on their feet and rebuild a more stable life.

Comments for Public Posting: This is an excellent idea that will help get people off the street during peak wildfire season. Please support this use of the rec center.
