Council File Number: 20-1225

Agenda Date:

Item Number:

Summary: Eagle Rock Neighborhood Council calls upon the LA Department of Sanitation to report back on grant and employment opportunities regarding composting, healthy soil, urban agriculture, and regenerative land management. There are too many spaces that are sitting vacant in Eagle Rock and across the city that can be better used for composting or urban agriculture, as well as a means of gainful employment for our community.

**City Council File Number 20-1225: Healthy Soil Strategy**

February 2, 2021

Los Angeles City Council  
200 N. Spring Street  
Los Angeles, CA 90012

Dear City Council,

We declare that on February 2, 2021, a Brown Act noticed public meeting was held by the Eagle Rock Neighborhood Council (ERNC) at which a quorum of 16 was present. The following motion passed with 16 yes and 0 no:

City Council File Number 20-1225

Title: LAs Green New Deal / Healthy Soil Strategy / Urban Agriculture / Carbon Sequestration / Water Capture / Composting and Mulching Operations / Development  
ERNC Position: Support

Eagle Rock Neighborhood Council calls upon the LA Department of Sanitation to report back on grant and employment opportunities regarding composting, healthy soil, urban agriculture, and regenerative land management. If passed, council file 20-1225 would also explore adding green jobs to our economy, may result in fewer chemicals used in landscaping by the city, and may un-pave underutilized space to be used for composting or mulching operations. There are too many spaces that are sitting vacant in Eagle Rock and across the city that can be better used for composting or urban agriculture, as well as a means of gainful employment for our community.

Please place this letter in the case file, and acknowledge its receipt via email to: [executive@ernc.la](mailto:executive@ernc.la).  
Thank you.

Respectfully,

*Jesse Saucedo*

Jesse Saucedo  
President, Eagle Rock Neighborhood Council
