Comments for Public Posting: Thank you for your votes in passing 41.18! Please know that the vast majority of Angelinos feel homelessness and it's impact on our everyday quality of life, feeling of safety and the enjoyment of our neighborhood is the most important issue facing the city. We may not show up at council meetings in person, but we completely and quietly support your efforts to make Los Angeles a livable city in which we don't have to step over homeless camp refuse, tents and human waste on sidewalks outside our homes or down the block walking with out kids. Our support comes in the form or voting. Thank you.

Comments for Public Posting: No more cops, abolish the police. The cops are killing people left and right and are harming our communities. Help the families affected by the LAPD's 27th Street fireworks explosion. People are still struggling. Abolish 41.18. 41.18 is killing our unhoused neighbors and forcing them to move to the next block is cruel. We need housing and services for our unhoused neighbors, not criminalization and sweeps. Stop suppressing the voice of the people and kicking us out of our own City Hall for coming to give public comment because you don't like that we oppose your criminalization of being unhoused bill. The police showing up in riot gear and threatening us with less lethals for showing up, and the brutal treatment of speakers is not an act of democracy. Fuck you Nury
