Comments for Public Posting: As a concerned resident of Sherman Oaks CA I have witnessed multiple homeless individuals roam around the streets and felt unsafe. I have walked my dogs in the neighborhood where a psychotic homeless woman was following me on Van Nuys Blvd and Addison Blvd and was screaming. Later she was found rolling on the lawn by a shopping mall on Magnolia Blvd & Van Nuys Blvd. Another time a homeless man approached me face to face when I was going for a walk around the block, his eyes were dilated (this was at night) he confronted me in a way that he wanted to fight me and this was unprovoked. Another time I witnessed a homeless Caucasian gentlemen who was shirtless and yelling out statements that made no sense and was rolling around the lawn of a neighbors home. Please make our neighborhood safe again, enforce a centralized system that shelters can use immediately so the homeless can find a bed immediately. Please make it illegal for people to live on sidewalks, sides of buildings, sides of highways, alleyways, under overmans, bridges, unpermmtted RV parking, near or next to a river, parks or any other area not meant for human habitation. Please help make our neighborhoods safe again.
