Comments for Public Posting: Please approve 20-1376 to provide shelter for the homeless living in the LA River, Sepulveda basin and the many living on the streets in the west valley area. The trash and human waste left behind is a public safety/ health issue. Specifically the LA River flood channels and la River bridge underpasses. Getting them off the streets is one step to getting back our clean , safe neighborhoods. The next step will be to pass a law to enforce no camping in LA River, Sepulveda Basin and public streets. This may push them to accept help.
