**Comments for Public Posting:** The process to find and secure affordable housing needs an overhaul! WE need affordable housing in ALL neighborhoods across the county! Local cities have been allowed to uphold illegal segregation as it relates to race & class, that MUST END! Rent should never take more than 20-30% of a resident's total income after taxes! We should be requiring new apartment builds to have a majority or at least half affordable units instead of 1 or 2 affordable units out of 100 market rate. We need as much affordable housing as possible for our core workforce! \$15 dollars an hour times 40 hours a week after taxes, please do the math on that because rent shouldn't take more than 20% of that!
