Comments for Public Posting: I have lived in Westlake for 9 years, I am extremely concerned that they are moving 300 homeless people with mental.health issues and most likely drug issues blocks away from my home. I will not feel safe. Nothing has been posted.or said to anyone in the community. I am just hearing of this. This is not okay. I also work at teragram ballroom next to the mayflower., During covid lockdown there were always 30 to 40 people outside the mayflower who would.be fighting or smoking.crack. it is going.to be a fucking nightmare. Don t pawn off the problem created by Jackie Lacy and newsom to the Westlake.community. . Absolutely not.
