Comments for Public Posting: Please end this cruelty. This is nonsense and animals are suffering in terror and anxiety. This should not be entertainment. The United States of America is better than this. Please I am a citizen demanding this to end. Non-human rights should taking into consideration when it comes to passing new laws against animal rights and their suffering.

Comments for Public Posting: If a proper investigation was done, we wouldn't be having this discussion. These animals aren't just an investment. The health & well being of the animals is something they take pride in, even after retirement. If you're looking for issues that need urgent attention try the euthanasia of thousands of dog & cats a year in 1 county! Instead of killing try spaying. Stop indiscriminately breeding. Stop puppy mills. License breeders, fine people selling, giving away or dumping. HELP the RESCUERS?? In most cases you will find that the animals in zoos aren't treated better than the rough stock(technical term) of rodeos. They have veterinary care at the events. The same way of having medical staff. They have respect & love for the animals, people, GOD & country. Before being pressured & jumping on the band wagon of people who haven't done their due diligence or are misinformed, do your own investigating. As a whole, you'll find that the people connected to rodeo are God motivated. Can the same be said about the businesses of Football, Basketball, Baseball or Soccer? The same can be said about the fans as well.

Comments for Public Posting: To place a ban on someone's livelihood based on fiction and not fact would be unjust to say the least. For someone who has never experienced the emotional attachment to owning an animal or pet doesn't have the right qualifications to to tell someone how to treat their animals.

Comments for Public Posting: Please enact the "Rodeo Device Ban" - it would ban the use of rodeo torture devices - electric prods, spurs, and bucking straps. These poor animals endure abuse just by being there and being used for entertainment. Additional torture is untenable. No civilized society would support this. Thank you.

Comments for Public Posting: PLEASE SUPPORT THE L.A. Rodeo Device BAN !! I support this because as a horse owner and rescuer I am aware that rodeo and stand-alone bull riding events, glorify animal abuse as they masquerade as family entertainment. Horses and bulls do not buck naturally. These are scared animals bucking to escape torture devices common place at rodeos, such as electric prods, flank straps, and spurs. I strongly believe in the humane treatment of animals!!
