**Comments for Public Posting:** Please vote in favor of the L.A. rodeo device ban. There is no excuse for animal abuse. Rodeos, and stand-alone bull riding events, glorify animal abuse as they masquerade as family entertainment. Horses and bulls do not buck naturally. These are scared animals bucking to escape torture devices common place at rodeos, such as electric prods, flank straps, and spurs. The L.A. rodeo device ban is modeled after a similar ordinance that passed in Pittsburgh, PA, in 1992. Pittsburgh is now considered a "blackout city" for rodeos.

**Comments for Public Posting:** Please vote in favor of the L.A. rodeo device ban. There is no excuse or reason for animal abuse, especially in a form of entertainment. It gives the wrong message and is CRUEL! Horses and bulls do not buck naturally. These are scared animals bucking to escape torture devices. Torture devices are commonplace at rodeos, with riders using cruel devices that inflict harm and pain - such as electric prods, flank straps, and spurs. Every creature on earth, even humans, will feel pain and suffering if someone to dig spurs into your sides, or uses any of these devices on them. The L.A. rodeo device ban is modeled after a similar ordinance that passed in Pittsburgh, PA, in 1992. It is time that L.A. follow suit in a modern society that doesn't tolerate abuse of any kind - be it human or animal. And especially not for the entertainment of adults, and especially NOT children!!!
