**Comments for Public Posting:** I wish to express my full support for the rodeo inhumane implements ban in the City of Los Angeles, which was passed unanimously by CouncilMembers in February 2021. Rodeos are disturbing spectacles of animal cruelty that inflict tremendous suffering on animals forced to perform. The City of Los Angeles has always taken a progressive approach to animal welfare and I commend the City Council for voting in favor of this Ordinance. I urge you to follow up to help ensure the rodeo inhumane implements ban is signed into law. Sincerely, Anita Heyns

**Comments for Public Posting:** This citizen of Los Angeles, California is highly and strongly supportive of the prohibition of the use of certain cruel implements commonly used in the Sport/Entertainment termed RODEO . I find the use of electric prods or shocking devices, flank or bucking straps, wire tiedown, and sharpened or fixed spurs or rowels at all rodeo's or rodeo related events in the City of Los Angeles to be inhumane , barbaric and medieval and having absolutely no place in modern contemporary sport or entertainment. Numerous American cities have rodeo prohibitions or restrictions in place, including Pasadena, Irvine and Napa County in California; Fort Wayne, Indiana ;St Petersburg ,Florida; Pittsburg, Pennsylvania; Southhampton, New York; and others. I think that rodeos too often use a number of totally inhumane implements which causes these sentient animals to suffer significant injuries during even common rodeo events such as bull and bronco riding, steer wresting, and calf roping. Some animals are euthanized as a result of injuries sustained during these events. I beg and plead and strongly endorse your recommending approval of this vital motion. Thank you!

**Comments for Public Posting:** Good morning, I wanted to express both my concern and disgust at the use of the horribly cruel devices that are being used on horses in rodeos that deliver painful shocks to the horses! Is there anyway that you or anybody else would think that they are not cruel or not painful? Would you or anybody else give your consent to have one used on you? I think not!! So why are they allowed to use them on these beautiful animals, who through no fault of their own, end up in the rodeos in the first place! Humans are the most cruel of all species on the planet and I ask that you BAN RODEOS ALL TOGETHER, BUT I KNOW THIS WONT HAPPEN! AND DONT GET ME STARTED ON THE CALF ROPING!! ANOTHER DISGUSTING so called 'sport', REDNECK BOGUNS SEEM TO GAIN SOME SORT OF SICK PLEASURE OUT OF!! So please BAN THE USE OF THESE CRUEL SHOCK DEVICES ON THE POOR HORSES AT ALL RODEOS THROUGHOUT AMERICA. Thank you very much.  
Regards Vicki

**Comments for Public Posting:** It is unconscionable that rodeos still take place in our modern society. It is an absolutely brutal sport for the poor animal being chased and lassoed. The fact that the calf runs away is indicative of him/her not wanting to be caught. It would be horrifically frightening to the animal. It really undermines our humanity to have such a 'spectacle' for onlookers. The calf is also highly likely to get hurt. There is something so obscene about people taking pleasure in a vulnerable being's misery. We humans are better than this. It's time to raise our standards and do away with all activities involving 'INVOLUNTARY" animal participants in such cruel and terror spectacles.

Rodeos are disturbing spectacles of animal cruelty that inflict tremendous suffering on animals forced to perform.Countless animals have paid with their lives to satisfy humans' desire to play cowboy in events such as calf roping, bull riding, steer wrestling, and bronc riding.Rodeo not only injures and kills many animals, but it exposes children to sanctioned animal abuse. At least 21 professional bull riders have died since 1989, with true numbers likely far higher as amateur bull riders are not included in these statistics. **Comments for Public Posting:** I am a resident of Utah and we are considering a move to the Los Angeles area. I'd like to express my full support for the ban on inhumane implements used in rodeos. It is my understanding that this ordinance was passed unanimously by council members last February. Rodeos are disturbing spectacles of animal cruelty that inflict tremendous suffering on animals forced to perform. This, and other inhumane treatment of animals, is why we are leaving the state of Utah. Many cities in California take a progressive approach to animal welfare and I commend the Los Angeles council members for voting in favor of the ordinance to ban archaic and unnecessary treatment of animals that causes such pain and suffering merely for entertainment. I implore you to follow up to help ensure the rodeo inhumane implements ban is signed into law. Thank you for allowing our input. The Overgaard Family Summit County, Utah
