Comments for Public Posting: Please do not ban rodeo or any livestock events. This started our country and we need to keep our western roots and lifestyles alive for the next generations to come. It would be a shame to wipe out this history that has been kept alive.

Comments for Public Posting: Members of the Los Angeles City Council, as a person that lived in SoCal for a number of years. Some of my best times were attending Rodeos there. Please take the time of educating yourself on the treatment of these animals. Rodeos and ranch life runs deep in the roots that built your State and Los Angeles. Thank you for your time.
