**Comments for Public Posting:** Rodeo is a valued tradition and a true partnership between man and animals. In the last National Finals rodeo, when a rider became unseated, the horse continued to finish The barrel racing pattern on its own. Animals are trained and skilled at what they do and rodeo is a way to showcase this. Rodeo is highly regulated and the lies about animals being mistreated and about how they are trained are dispelled over and over. Do not ban rodeo based on lies. Allow rodeo to continue and display our God given right to pursue Happiness through the human animal bond.
