Comments for Public Posting: Ask any rodeo athlete if they love and care for their animal and they would say of course they couldn't do it without them. The Cowboy Channel features animal athletes and those that raise, care and train them. Keep rodeo legal

Comments for Public Posting: Keep rodeo legal. All animals in the PRCA are cared for from birth to happy retirement and death. PETA should support it because the Professional rodeos treat all the animals ethically and with genuine care. They keep medical staff for humans and veterinary staff for animals on hand at every rodeo.

Comments for Public Posting: When a tv show on the Cowboy Channel actually does a story on a famous well loved rodeo horse or bull passing on you have to ask yourself do they hate and want to mistreat animals in the rodeos? It's ridiculous because the better the treatment the better the rodeo. KEEP RODEO LEGAL and stop the lies.

Comments for Public Posting: Please do not ban rodeo in Los Angeles. It is part of our American heritage and shouldn't be prevented from occurring. Animal welfare has become a much bigger focus for the industry in recent years. Plus, rodeo brings in much needed travel and tourism dollars to the community.

Comments for Public Posting: Its a shame this isn't a proposal for assisting the mental health crisis, homeless and the drug addicted. Instead attempting American Tradition, that not only generates tax dollars for the economy, but the animals are better cared for than our citizens, maybe we should look at ways to increase public awareness and attendance to help the community flourish.

Comments for Public Posting: We are in full support of Rodeo! The people connected to rodeo are the most compassionate and caring people - and also are good Christian people. They do not harm the animals! The animals used in rodeo are cared for and respected - truly handled in a very humane fashion. Rodeo is also part of the American heritage dating back into the 1800's and it is a shame to shut down our American Heritage.

Comments for Public Posting: I think there are more important things to worry about in Los Angeles than banning rodeo sports. Get your priorities straight and leave the rodeo alone. Homelessness, drugs, crime. You fill arenas to watch humans beat each other mercilessly but are concerned about well cared for animals at a rodeo?? Get it right LA!!!

Comments for Public Posting: Do not ban rodeo! Rodeo is all about Family, Family and Country and is a part of the American culture. The sport of rodeo played an important role during the COVID pandemic to help people keep believing that our country is a great place to live and we will get through this and be better because of it. I was a high school student who stayed in school just to be able to compete in a sport that I loved and believed in. Because of this I went on to college to earn a bachelor's degree and then a master's degree and retired a public school teacher after 29 years thanks to the passion I had for rodeo. There is no other professional sport that is even close to having the family ties and values as rodeo has. We need these strong values to help keep this country the best country on the planet.
