Comments for Public Posting: Bull-Riding and other rodeo events need banned not only to protect animals but also to protect humans from their own stupidity. For instance one study states, 'The bull riding injury rate is approximately 10.3 times the rate of injury in American football, 13.3 times the rate of injury in ice hockey, and 1.56 times the rate of injury in boxing.' That injury rate is way too high and you'd have to be a lunatic to participate in it. Accordingly, please outlaw rodeos in Los Angeles!
