**Comments for Public Posting:** In 2025, there is no justification for a rodeo. Zilch. Zero. Nada. Don't try to justify it because you can't. One cannot justify the exploitation and cruelty of others for entertainment, no matter if they are a human animal or non-human animal.

**Comments for Public Posting:** OK LISTEN UP ! This is NOT acceptable in our modern world today. All animals have the right to live their lives in peace and safety the way we as Human beings do. How would you like to be forced to take part in being hurt, humiliated, afraid, distressed at the hands of others?

**Comments for Public Posting:** An LCA investigator attended a previous PBR rodeo in Anaheim and took video, which was analyzed by veterinarian and former bronc rider, Dr. Peggy Larson. Dr. Larson watched the video and concluded, "Overall, these bulls are forced to buck beyond their normal bucking patterns which makes them susceptible to injuries, including broken legs." Watch the video here. The violence inherent in rodeo events is undeniable. H

**Comments for Public Posting:** Please discontinue the rodeo events. They are nothing, but terrifying displays of animal torture and suffering. They also teach the public, and young children, that it is okay to treat animals this way. It is not okay! I kindly ask that you use your powers for good and end this horrific abuse of innocent creatures. They will thank you as well! Best Wishes and Good Health to You, Jennifer L Cunningham

**Comments for Public Posting:** I object to rodeos on the grounds of cruelty to animals. Objectifying animals by making them entertainment is demeaning and encourages people to view them as things, rather than sentient animals with feelings. There is also great potential for harm as the animals could be injured. Please ban all rodeos and consign them to the history books where they belong. Cruelty to animals has no place in a civilised society.

**Comments for Public Posting:** Animals do not exist for the entertainment of people or the glory or ego boosting of participants. While the people find the rodeo exciting and fun, for the animals, they feel only terror and pain. Too many are injured and/or killed because they are treated like objects instead of the living and feeling beings they are. To think such exploitation and abuse for the purposes of people is acceptable is human centric and entitled. Is it not time for L.A. to show some sense of compassion and ethics and end this rodeo and all other that may happen once and for all? Can you really condone the terror and pain caused to them and feel nothing for it is not different than any person would experience. People have a choice whether to participate or not; the animals do not have that option. Please, ban rodeos. People will be disappointed but animals will be spared the abuse (and yes, it is abuse). Thank you for your time.
