**Comments for Public Posting:** Bull riding and rodeos are inhumane and should be outlawed !! To terrorize and abuse innocent animals for public entertainment and profit is exceptionally cruel ! The people involved have no compassion for animal welfare. Animals feel fear and pain... just as we do !! They do not deserve to be treated so horribly ! This type of animal abuse needs to END !

**Comments for Public Posting:** Animal cruelty belongs in the dark-ages. If you, yourselves, have any compassion for living animals, of which WE are one, then you must stop this cruel bull riding farse, described as 'fun' or 'sport'.....of which it is neither for the bull. Grow a pair and stand up to people who demand such vile practices.

**Comments for Public Posting:** Please finalize the rodeo ban immediately. Animals should not be used for entertainment purposes. They aren't willing participants. This is animal cruelty, abuse, and violence that is unwarranted and unjust. There is no reason for this level of depravity against sentient defenceless beings to exist. We are better than this. Majority of people don't support this. Animals deserve better than this. Listen to the people and end rodeos now.

**Comments for Public Posting:** The banning of these historically deep rooted rodeo events is not only irresponsible but damaging. Irresponsible in the sense that legislators are not doing their due diligence in researching what rodeo brings to our community's culture and how much respect these athletes have for their animals. Damaging to families that rely on the income and support that rodeo brings. California's Latino community already feels diminished as it is, now we have our traditional sport of rodeo being threatened. LA county of all places should know Vaqueros will not go down without a fight.
