Comments for Public Posting: Please Ban Rodeo - Sentience proven by Global science even by Darwin. Humanity cannot keep harbouring violence that is not only heinously harmful to the victims but harmful as proven by global law enforcement to people especially children. Rodeo is about violence and attacking victims dragging them into another species frenzy loud noise lights electric prods and terror from the scientific perspective of the sentient beings. So what's the point when it is only causing victims Misery. And teaching children to enjoy torturing animals and to reject education science compassion empathy.

Comments for Public Posting: There is no excuse for animal abuse. I support the L.A. Rodeo ban. Please stop allowing Rodeos in Los Angeles ... surely we should all know better and not abuse animals in the 21st century. It is no longer acceptable to label this a 'culture' or 'tradition' - this is animal cruelty.
