**Comments for Public Posting:** Bull riding is inherently cruel and exploits animals for human amusement. Electric prods are sometimes used to further incite the bull, causing significant discomfort. They can suffer serious injuries during rides including broken bones, internal bleeding, and spinal damage.

**Comments for Public Posting:** I support the L.A. Rodeo ban as there is no excuse for animal abuse. Bull riding events are extremely cruel and violent towards animals. This so-called “sport” is no more than terrified animals trying to get away from something that is causing them fear, discomfort, and pain. Please ban this animal abuse now.

**Comments for Public Posting:** Rodeos need to be banned. The world is realizing that animals have rights as people, and we are tired of seeing animals abused, neglected, tortured, or treated in any unethical way for any reason. Abuse, neglect, torture, mistreatment, injury or death must not be allowed for entertainment, transport, research, observation by public, removal from habitat, or any other reasons!!! There is no excuse for animal abuse ever, for any reason!!! I support the L.A. Rodeo ban and bans on all rodeos everywhere.
