**Comments for Public Posting:** I'm not sure what is happening in my state. A state where my family history, since 1893, is just being totally erased. You all need to start doing better to our farmers and ranchers. If any of you have a problem with rodeo, maybe California isn't the place for you. But the asphalt jungle is no place for humans beings to thrive. Maybe that's the problem, y'all aren't human. Not anymore. Save the rodeo! Save California's legacy!
