Comments for Public Posting: I am very glad, as are all decent people and animal advocates, that you are working towards banning rodeo events in the great city of Los Angeles. Rodeo events, by and large, cause great and unnecessary harm to innocent animals. Los Angeles will be a shining star for our country when she rids it from the roster of entertainment in the city. It's not entertainment, it's animal abuse.

Comments for Public Posting: It is very disheartening that Los Angeles continues to host the exploitative and cruel bull riding events! It's 2026 and LA's regressing into the ignorance of the dark ages. Please, rise up in consciousness and close down these events that torment innocent animals. There are so many other creative, progressive types of entertainment that L.A. can provide without using animals as props. Come up with Human entertainment that sets a positive, uplifting tone and provides a fun environment for families.
