Comments for Public Posting: Rodeo animals are a valuable asset and are treated better than most peoples pets. They spend time in pastures and get excellent medical care. Gee, they work for 8 seconds and hang out for a month.

Comments for Public Posting: Again? Please stop your ongoing attacks on a legitimate sport and an import part of American History. Millions upon millions of Americans nationwide view, champion, and monetarily support the Rodeo and Livestock Industries. Enough already! Do something about the danger and endless flow of illegal immigrants.

Comments for Public Posting: We went to a barrel race that the money went to a dog place. All folks there care for there animals, and care for there dogs and cats. Us folks don't cause the PETA group to have to put animals to sleep and you know it. So leave the Rodeo alone they take care of there animals too. Rodeo causes no harm.

Comments for Public Posting: Data collected by Virginia's state government shows that PETA's euthanasia rates for cats and dogs at the shelter is exceptionally higher than other shelters in the state. Practice what you preach and until then SHUT UP!

Comments for Public Posting: Rodeo is the original sport. I grew up on farm ranch and rodeo family. I competed many years . I also worked for several stock contractors over the years. I know first hand they love there livestock. They feed doctor them when needed they are like family to them. Banning rodeo in California is crazy in my mind. Or any where else. Ive loved and heloed take care of rodeo livestock all my life. Please keep rodeo alive in California. Thank you.

Comments for Public Posting: Rodeo is a family oriented sport! Do some research and you will find that the animals you claim are being mistreated are in fact living better than some humans. The rodeo community lives by the code of the west and adheres to caring for their animals and livestock. Your attempt to ban the sport of rodeo clearly indicates your lack of knowledge of the sport and is complete ignorance.
