Comments for Public Posting: Abuse of animals should never be allowed and it is certainly should not qualify as entertainment. What kind of people think it is amusing or enjoyable to watch animals being recklessly endangered and suffering? It is sick.

Comments for Public Posting: "I support the Los Angeles Rodeo Ban. There is no excuse for animal abuse." There is not one event that doesn't use torture in some way from bucking straps (put one on a man and draw it as tight as possible and see if he doesn't "buck"). to ropes that can break the necks of the calves that are part of the roping event. This hold-over from a bygone era must be seen for what it is - a modern Roman games where everything is killed indiscriminately - and stopped at once.

Comments for Public Posting: I support the Rodeo ban. We live in the 21st century and there are so many venues for entertainment that do not involve hurting animals. There is no excuse for animal abuse in our society. Inflicted pain on an animal and instilling fear is NOT entertainment. You would not do it to your children nor grandchildren, and it should not be tolerated when done to animals.
