Comments for Public Posting: I am writing in support of Rodeo going back to Mission Times. California was founded on Ranchos and the cattle industry. Throughout time, Rodeo has been a huge part of not only the working Rancho where it started to show the skills of the Vaquero's throughout time to today where those skills are still used for entertainment. Any council member that thinks Rodeo are cruel needs to go spend a day with a participant or producer of Rodeos. The cost of horses can be up to \$100,000, producers that supply, the animals, have a huge vested interest in them and taking care of these animals with their horse or cattle is the upmost priority to everyone from the Contractor to the participant. This lifestyle has been going on for 250 years going back to Mission times! The Rodeo industry not only supports many local businesses, but also gives back to the communities through through nonprofits. Please educate yourself before you take a vote on this and see what truly the truth is and not listen to the vocal minority thank you very much.

Comments for Public Posting: Please join the growing list of California cities that have banned the use of animals in rodeos. These are horrendously cruel for animals -- often there are no vets available for all of the animals who sustain injuries -- and it is just basically animal abuse. Public opinion is growing against this form of "entertainment." Pleased ban this.

Comments for Public Posting: Rodeo events like steer wrestling and calf roping are some of the most depraved acts known to history. These animals often end up with broken necks. Please ban these events in LA!
