Comments for Public Posting: Since the Arts & Parks committee is taking a huge grant from the ASPCA, I wonder if this committee has read the ASPCA's position statement on rodeos? "The ASPCA is opposed to all rodeo events that involve cruel, painful, stressful and potentially harmful treatment of animals, not only in performance but also in handling, transport and prodding to perform. The ASPCA recognizes the cruel treatment inflicted on many additional animals in the process of practicing to compete in rodeo events. Further, the ASPCA is opposed to children's rodeo events such as goat tying, calf riding and sheep riding ("mutton busting"), which do not promote humane care and respect for animals."

Comments for Public Posting: A sport abusing animals is not a sport. It is despicable. Rodeos need to be banned! Immediately. Sad enough that this is still a western tradition in this country and that it needs petitions and signatures and, and, and to finally end this cruelty.
