Council File No: 20-1575

Comments for Public Posting: 'Rodeo subjects helpless animals to unnecessary stress for commercial entertainment. It's Western cosplay, capitalizing on our culture's darkest impulses: aggression towards defenseless animals as a means to sell Dodge Trucks, Jeeps and Wrangler jeans. Most of all, it highlights a failure of our moral duty to protect the animals in our care.' I advocate that the Los Angeles city council please ban rodeos in LA!
