Comments for Public Posting: Rodeos are inhumane !!! There is No excuse to subject innocent, defenseless, animals to such abuse for public "entertainment" and profit ! These animals feel fear and pain...just as We do ! How anyone can support or engage in such abuse is unbelievable and without conscience or compassion ! Rodeos should be banned Everywhere !

Comments for Public Posting: Rodeos, and stand-alone bull riding events, glorify animal abuse while they masquerade as sport and family entertainment. For example, horses and bulls do not buck naturally. These are terrified animals trying to get away from something that is causing them fear, pain, and discomfort. Animal injuries can be numerous; broken bones, ripped tendons, torn ligaments, and snapped necks. This is why it's important for the city council to support the L.A. rodeo ban. Thank you.
