Comments for Public Posting: Prohibit harmful animal exhibition activities in the City of Los Angeles. Bulls used in rodeos are prodded, whipped, and electric shocked, and routinely suffer debilitating injuries. It is time for Los Angeles to take a stand and no longer allow these cruel events to take place in the city.

Comments for Public Posting: I am horrified that the City of Industry is sponsoring the Bill Pickett Rodeo this Saturday as if animal abuse is an acceptable form of entertainment. Bulls used in rodeos are prodded, whipped, and electric shocked, and routinely suffer debilitating injuries including torn ligaments, broken bones, and even paralysis. It is time for Los Angeles to take a stand and no longer allow these cruel events to take place in the city. Surely, you can create interesting experiences, other than those at an innocent animal's expense! As Professor J.B. Neilands (1921 - 2008) stated, "The time has come and gone when it is acceptable to regard this world as a resource to be exploited for the comfort of a single species." Every time we allow maltreatment towards animals who do not have a voice, we are not just turning a blind eye to cruelty, we are advancing the belief that it is acceptable to be inhumane and we set a poor example for our children. When we know better, we are supposed to do better! I urge you, to inspire change and moral progress, so that others may follow your example!

Animals are not ours to use for amusement and entertainment. There is nothing funny or enjoyable about watching animal cruelty. Please know that there is never an excuse for abuse of any animal... at any time... anywhere... for any reason. Period!!!! I would ask that supporting/presenting rodeos be stopped. I say lets put them into that ring with each other and see how they feel about being put into a situation as they put these animals in. Slamming these delicate animals; especially calves; into the ground, terrifying them, and rendering them immobile by tying their legs together is cruelty. No one involved in this 'sport' cares about them during or after the event. Injuries go untreated. The only 'cure' is the slaughterhouse. It is absolutely unacceptable and must be permanently banned as soon as possible.
