Comments for Public Posting: Please Ban L.A. Rodeo. "There is no excuse for animal abuse. I support the L.A. Rodeo ban" An LCA investigator attended a previous PBR rodeo in Anaheim and took video, which was analyzed by veterinarian and former bronc rider, Dr. Peggy Larson. Dr. Larson watched the video and concluded, "Overall, these bulls are forced to buck beyond their normal bucking patterns which makes them susceptible to injuries, including broken legs." We have evolved as a species and now understand that non human animals feel fear, pain, loneliness, happiness and pleasure. They are not sport, entertainment or profit. They are living beings. Please ban Rodeos. Thank you for your attention, Jeanaann Barnaby

Comments for Public Posting: Why do you persist in such blatant animal cruelty as it is exhibited in the rodeo. For the life of me, I cannot understand why people in the 21st century would want to see animals tortured in rodeo events and why any city would allow such barbaric activities to occur. Please put an end to rodeos in Los Angeles.

Comments for Public Posting: I used to live in Los Angeles and work at UCLA for several years. I am still a Californian for 30 years and now live in Sacramento. I STRONGLY support the proposed Los Angeles City Rodeo Ban! The Bull Riders' show of terrified animals at the Honda Center in Anaheim, California, this weekend is despicable. A previous PBR rodeo in Anaheim was recorded on video, and was analyzed by veterinarian and former bronc rider, Dr. Peggy Larson. Dr. Larson watched the video and concluded, "Overall, these bulls are forced to buck beyond their normal bucking patterns which makes them susceptible to injuries, including broken legs." The violence inherent in rodeo events is undeniable and barbaric. In the name of decency and humanity, BAN the Bull-riding events ASAP and forever. <https://www.youtube.com/watch?v=uyNzIHN8WQU>

Comments for Public Posting: The bottom line is simple . . . the bulls are being abused by being pushed past their normal limits. This is potential for injury, and should not be allowed just to create spectator enjoyment.

Comments for Public Posting: As we have evolved to better understand human and animal suffering, so too should our idea of fun and entertainment evolve to do away with activities like rodeos (or animal fighting) that inflict harm and pain on innocent animals at the hand of or for the benefit of human entertainment. It's not fun or funny to see humans and animals crash to the ground, suffering possible life-changing or deadly injuries. And it's not a fair fight to see animals roped or tied so as to cause pain and reflexive kicking and twisting to stop the pain. I support the L.A. rodeo ban on activities like animal wrestling, roping and yanking or taking down an animal or causing them to buck by inflicting pain. Rodeos can be so much more than that, with beautiful horse showmanship and competitive events that showcase the strength and beauty of the animal and its bond with humans.

Comments for Public Posting: Rodeos are nothing more than glamorized horrific and severe cruelty to all the animals involved....a sport of animal cruelty yet those involved always say they take great care of all their animals...this is not true at all....the baby calves racing out of the gate terrified in front of screaming, laughing, cheering, clapping crowds desparatly trying to escape the hard rope practically ripping their little necks apart or which happens a lot,breaking their little necks...no one seems to care about them...just the big man on a horse ,Mr. Hot Shot cowboy ,who caused this terror in a baby who just wants to be with his mother but is forced to do this against his will.. Then comes the bull and horses forced to buck with girths tightened over their sensitive genetals suffering each time they have to do this against his....this is terrible cruelty! And these people just don't care...when the animals can't perform anymore,like machines,they're sent off on a slaughter truck to end their lives in the worst nightmare they could ever experience. What do these people care! All rodeos should be banned...all these animals are peaceful ,quiet and loving and don't want to be forced to perform in the cruelty !

Comments for Public Posting: It is truly sick and demented to get pleasure and entertainment from harassing, injuring, and tormenting animals! This activity should be relegated to the Middle Ages. There is no hope for humanity if this kind of sickness continues when we have so many other beneficial activities to help ourselves and animals. They do not deserve to be treated as inanimate objects.
