**Comments for Public Posting:** Rodeo is a part of our Western Heritage. It is TRULY what the West was 'won' on! You cannot eliminate all of our animals sports when there are more people who love and make a living at it then there are those ignorant people who hate it!

**Comments for Public Posting:** Rodeos are traditional. The bucking bulls and horses are treated like royalty. You should celebrate the cowboys, they made this country

**Comments for Public Posting:** Professional rodeos already have strict rules to ensure animals are treated humanely and properly as well as on site veterinarians to oversee proper care, have a positive impact on local economies, preserve the multi-cultural heritage of America and allow those who may not have the opportunity to get up close to livestock the opportunity to learn about these animals through hands on experiences. We learn compassion for animals when we have the opportunity to be exposed to them. Without those opportunities, we loose that compassion.
