Horses, bulls, steers, and calves can suffer painful injuries, including broken ribs, back, legs, and tails, punctured lungs, internal organ damage, snapped necks, and agonizing deaths. Rodeos are juvenile displays of human domination over non-consenting beings who are put at risk of injury, both physical and emotional. We need to evolve . . . and grow up . . . as a society.

Comments for Public Posting: I am 100% in favor of the LA rodeo ban. Rodeos are events of torture, fear, and pain for the animals forced to participate. Young calves, who should be with their mothers are roped, thrown to the ground, and their legs tied together all while they are gasping for breath. Horses and steers wind up with broken limbs and internal organs being Damaged from the bucking and jumping they are forced to do. Many of them die from their injuries or are killed because of them. This is not entertainment, this is Abuse and cruelty. To make matters worse, children attend these events and they are taught that it is perfectly fine to Abuse, injure and harm an animal for whatever purpose they want. Why are we surprised at the crime rate when we teach children violence is perfectly acceptable

Comments for Public Posting: I am for the Los Angeles rodeo ban. Using animals for entertainment that are at risk of death and injury is cruel and inhumane. There is nothing in this venue that is fun for these animals that are tortured, have them roped and turn their necks as well as having horses gallop and stop on a dime causing injury. No body bothers to know or tell how many horses calves and bulls are injured or die after these events. Do we really want children to witness and learn about animal abuse? This sets a bad example and must stop as it is not needed and is sanctioned animal abuse and suffering.
