

RESOLUTION

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations or policies proposed to or pending before a local, state or federal governmental body or agency must have first been adopted in the form of a Resolution by the City Council with the concurrence of the Mayor; and

WHEREAS, on November 12, 2020, a single-engine plane was approaching the Whiteman Airport in Pacoima when the pilot radioed the control tower to signal that the plane was malfunctioning before tragically crashing on a residential street just a few hundred feet short of the airport's runway; and

WHEREAS, this accident is a reminder of the public safety threat that the Whiteman Airport poses to the Pacoima community; and

WHEREAS, the Whiteman Airport, owned and operated by the County of Los Angeles, is also a significant source of air pollution to the region, increasing the surrounding communities' exposure to hazardous pollutants; and

WHEREAS, a 2007 report by Pacoima Beautiful, a community-based non-profit pursuing environmental justice initiatives for the region, funded by an Environmental Protection Agency grant identified the Whiteman Airport as the largest toxic source emitter in Pacoima; and

WHEREAS, closure and redevelopment of the Whiteman Airport would present an economic opportunity to create housing and jobs for the surrounding community, which has long-endured the environmental harm caused by this airport; and

WHEREAS, there is a clear need to address and mitigate the environmental and public safety risks this airport presents to the Pacoima community;

NOW, THEREFORE, BE IT RESOLVED, with the concurrence of the Mayor, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2021-2022 State and Federal Legislative Programs SUPPORT for any legislation or administrative action that would shut down the Whiteman Airport and mitigate the public safety and health risks the Whiteman Airport poses to the surrounding City residents, including the performance of a full environmental analysis of airport activity.
