Comments for Public Posting: I overwhelmingly support reinstating bail for crimes- That people want to play the race card is beyond vile- this is not about color- this is about public safety- Since the Zero Bail was instituted, crime has skyrocketed across this city- especially in poorer and minority communities murders, assaults, smash and grab- - zero bail has released people back out on the street to continue to commit crimes- I don't care what color a person is- if that person commits a crime- they need to be arrested- and either be held for trial or post bail-All you need to do is look at the crime statistics released by the Police commission every week- This isn't a race thing- it is a crime thing- and people who want to make everything about race are the racists- who care nothing about the people being victimized by the revolving door of catch and release-
