Comments for Public Posting: It is very important to pass a rent control in LA we need to make a significative plan to avoid homelessness, lanlords have no mercy increasing rent payments to their convenience with 0 empathy when people are struggling to pay rent, and if they get behind with payments they do not hesitate to evict them, I being evicted once along with my 5 children and my husband for only asking 15 days for my rent payment, since the lanlord never gave us rent receipt she went to the court with lawyers and a bunch of lies saying that I dind't pay her the rent for 3 months wich was a big Lie and she knew it. Very very unjust what she did, the Judge didn't even give me the opportunity to speak and he ruled against me and on her favor and I had only 5 days to leave. That was like 15 years ago and still my children now graduates professionals still they have psichological trauma since that day we had to sleep in the car outside and hungry . I am asking you council members to take into consideration to pass this rent control. Help means doing good actions of what you preach. Thank you!
