Comments for Public Posting: Hi, my name is Angel Diaz, I am a tenant and I live in LA, As a renter, I want to strongly urge you to vote in support of permanent tenant protections. No one should EVER be evicted without a reason, if someone is displaced as the result of an absurd rent increase they should receive assistance with moving & finding a new place, and people living paycheck to paycheck should have time to get back on their feet when their income is temporarily disrupted. We are struggling to pay back COVID debt on the City's timelines while ensuring we make rent payments going forward to keep a roof over our heads. LA City officials, vote yes on item #7 as is, to not jeopardize any more tenants. The pandemic has significantly affected my living situation... We ask that you move these protections forward without any further amendments to keep as many Angelenos as possible from falling into homelessness.
