Comments for Public Posting: Good Morning, Housing is a human right and with that in mind, we urge you to please pass with urgency the request for the city administration to disclose all unused and underutilized city-owned properties that could be used for housing those experiencing homelessness in our City. 66,000 people on our streets on any given night is NOT okay. This is LOS ANGELES, one of the wealthiest cities in the US and the world. Enough is enough. Cut the red tape and get to work. Let's get these folks housed and end homelessness in our community! Thank you, LA County Resident and Tax Payer
