Comments for Public Posting: SUPPORT FOR ITEM #5, COUNCIL FILE #21-0113 To the Homelessness and Poverty Committee: Please, please use the newly available federal funds to extend and expand the Project Roomkey program as quickly as possible. We MUST bring more of our vulnerable + unhoused neighbors inside immediately, and I urge the Committee Members to please take advantage of this opportunity. Thank you.

Council File No: 21-0113

Comments for Public Posting: I urge the Homelessness and Poverty Committee and the full city council to support Council file 21-0113. The people of Los Angeles want a crisis level response to homelessness. Project Roomkey is a proven fast and effective method to address the growing homelessness crisis. The continuation and expansion of Project Roomkey will allow more people to come in off the streets and get connected to the services they need that allow them to become connected to stable housing. Also, the expansion of this program will likely lead to more properties being converted to Project Homekey providing urgently needed permanent housing solutions. Please support and vote Yes on CF 21-0113.
