Comments for Public Posting: Miki Jackson for AHF/HHR. We incorporate all testimony, comments, evidence in support and support to this item. Please save and honor the International Institute of Los Angeles by making a cultural Historic Monument. This historic building is part of our history and who we are. This building helped immigrant women to live and thrive here. That is proud history and must be preserved for the future. This building may well be repurposed to help others in this community going forward. We write in support for the nomination to preserve this historic place.
