A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enable by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website.Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Councils rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: The NHNENC supports Council File 21-0329-S5. Los Angeles Municipal Code 41.18 is not effective as written. According to the report from the Chief Legislative Analyst Sharon M. Tso: ● 41.18 interventions between December 2021 and November 2023 were generally ineffective in permanently housing individuals, with only 2 people being housed ● 81% of encampment sites have been repopulated ● The City spent \$3 million on Ordinance implementation, which is a minimum estimate because multiple departments, including LAPD, were unable to disaggregate their labor costs associated with 41.18-specific expenditures It's time to examine 41.18 and chart a new path forward to addressing

homelessness in LA, and a path to housing the unhoused in a less charged manner - criminalizing homelessness is not the humane choice.

Dear Members of the City Council,

The NHNENC supports Council File 21-0329-S5. Los Angeles Municipal Code 41.18 is not effective as written. According to the report from the Chief Legislative Analyst Sharon M. Tso:

- 41.18 interventions between December 2021 and November 2023 were generally ineffective in permanently housing individuals, with only 2 people being housed
- 81% of encampment sites have been repopulated
- The City spent \$3 million on Ordinance implementation, which is a minimum estimate because multiple departments, including LAPD, were unable to disaggregate their labor costs associated with 41.18-specific expenditures

It's time to examine 41.18 and chart a new path forward to addressing homelessness in LA, and a path to housing the unhoused in a less charged manner - criminalizing homelessness is not the humane choice.

Sincerely,

North Hollywood North East Neighborhood Council
