Comments for Public Posting: NO to “temporary” tent encampments or little houses or any form of housing on our state beaches or adjoining parking lots. Not only are they an inappropriate place for housing, but i do not trust that services or supervision will follow. i do not trust that promises made of this sort will be followed through. I do not trust that city services will keep any such area clean and safe. I base my opinions on what I see right now in encampments across our forlorn city.

Comments for Public Posting: This idea is totally insane...do we want our beautiful beaches and other areas to look like downtown San Francisco with garbage, human poop, used drug needles and general mayhem everywhere? Have we lost our collective minds?

Comments for Public Posting: Our city council NEEDS to STOP this homelessness NOW! They do NOT need to be at the beaches where 99.9%of the world can not afford to live! They do NOT need to be in brentwood where 99.9% can not affford to live! It has ruined our community and businesses! Use government buildings to house them. Move them to less affordable areas where there is land.. there are multiple options... but DO NOt ruin beaches for millions to accommodate a few! I have been attacked by them, confronted by them! Get them some help! Do not enable them A VERY concerned resident.....

Comments for Public Posting: We are 100% against this measure. We walk the streets of Venice and can't believe the failure of our city leaders. We will not let this happen to the beaches at Will Rogers or our community.

Comments for Public Posting: Thank you for the opportunity to comment. My neighborhood and community are important to me and I am happy my voice will be heard. Safety is the most important thing to myself and to my neighbors. The proposal of more homeless encampments by Mike Bonin works against this. As of now, we already have the homeless encampment along the VA walls on San Vicente which has brought more crime to our area. And the proposal to add more areas within Brentwood and the Palisades is frightening! We have immense fire danger in our areas and more homeless encampments in the areas proposed will bring more crime (like the San Vicente one has brought) and heightened FIRE danger! This would be terrible for our community and I am speaking out to stand up for our safety! Thank you.
