**Comments for Public Posting:** Our parks and PUBLIC BEACHES are no place for homeless encampments to be. These places should be available to families to enjoy without fear of stepping in human waste, needles, and the massive amounts of trash and junk that most homeless leave everywhere they go! And I'm not some stuck up, rich Karen talking crap. I WAS homeless myself and I got myself rehab, and went to a shelter and worked. Hard! I pulled myself up and out of it. Nothing was given to me. But I can tell you that the more you allow this stuff to infiltrate our public places the dirtier and more dangerous these places will be! We pay our taxes and ALOT of them and the PUBLIC deserves nice clean, drug and alcohol free places to take our kids!!!!
