In particular, we believe that voter ID requirements are a massive hurdle of voter suppression that prevent unhoused people, undocumented people, and other stakeholders from voting in neighborhood council elections; standardizing neighborhood council elections would help make the process much more fair. Specifically, we believe the city should adopt universal vote-by-affirmation for neighborhood council elections. Thank you.

Mid City West Neighborhood Council SUPPORTS Council File 21-0407

Dear APHEN Committee Members:

We, the Mid City West Neighborhood Council, support this effort to analyze the elections process for different neighborhood councils. In particular, we believe that voter ID requirements are a massive hurdle of voter suppression that prevent unhoused people, undocumented people, and other stakeholders from voting in neighborhood council elections; standardizing neighborhood council elections would help make the process much more fair.

Specifically, we believe the city should adopt universal vote-by-affirmation for neighborhood council elections.

Thank you.
