Council File No: 21-0774

Comments for Public Posting: This motion will address a basic quality of life issue for your constituents as well as the unhoused. The people of Los Angeles are concerned about growing encampments which are caused by the lack of affordable housing. The unhoused are concerned about the loss of safety of the few possessions they have. Outreach efforts and transition to interim housing can be hampered by concern over the loss of their possessions. This measure offering the basic needs of a safe place to keep possessions is one step in addressing the homelessness crisis. I urge the full council to support 21-0774.
