Honorable Members of the PLUM Committee:

As a Benedict Canyon neighborhood resident for over 10 years, I am very concerned with the proposed Bulgari Hotel project, as this will have a significant, negative impact on the environment and the quality of life to us residents of this beautiful and preserved areas of Lo Angeles.

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People,

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

Sincerely,

Arnon Manor

RL

Honorable Members of the PLUM Committee:

I take this issue very personally, as this inappropriate commercial development is planned for half a block from my house. It threatens my family and the main investment we have in our home. We invested in Los Angeles by purchasing a wonderful canyon home in wooded, quiet stretch of Oak Pass Road that is, of course, zoned for residential, not commercial. We have young children (5 and 10), and worry enough with the current level of traffic and speeders racing through our streets (for which the city, as it is, provides no enforcement). The value to our family of our home stands to be destroyed if the neighboring property is turned into a hotel, with years of heavy construction traffic and noise, followed by decades of hundreds of extra cars daily. This is a truly horrific and poorly conceived plan. If implemented, it will destroy the peace and enjoyment my family has in our main asset, our home. And it will destroy a wonderful neighborhood.

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Sa

PLEASE DO NOT ALLOW BULGARI TO DESTROY THE CANYONS!!! THIS WILL DESTROY OUR NEIGHBORHOOD!

I HAVE LIVED IN BENEDICT CANYON ALMOST MY ENTIRE LIFE. THIS WOULD BE AN UNMITIGATED DISASTER. IT WOULD RUIN THE LITTLE REMAINING NATURAL HILLSIDE IN THE CANYONS AND CREATE TERRIBLE TRAFFIC, NOISE AND COMMERCIAL ACTIVITY TO A RESIDENTIAL AREA. IT WOULD BECOME UNSAFE TO WALK IN THE AREA, AND CRIME IS ALREADY INCREASING.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning. We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment. Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today. With gratitude, [add your name] [add your address]

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Honorable Members of the PLUM Committee: I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards.

As a former LAFD Battalion Chief who serve this area within the proposal development, this project is within the very high serve fire hazard area which should not be further developed with commercial properties.

At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning. We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project.

Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task.

Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment. Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,
Robert Kilpatrick

Honorable Members of the PLUM Committee:

I urge you to support motion CF 21-0777, and stand with thousands of Los Angelenos who actively oppose this unnecessary commercial hotel project in a residential community that sits in a high fire severity zone. Your colleague Councilmember Paul Koretz has heard the pleas of his constituents and he has made a motion to recommend that the Director of Planning brings an end to a proposed General Plan Amendment that would have a severe impact on the environment and set a dangerous precedent for our city.

This project would create an environmental disaster, open the door to uncontrolled commercial development in the precious natural resource of the Santa Monica Mountains, and create real life-safety hazards. At this moment of unprecedented climate crisis, this is no time to destroy decades of careful zoning and planning.

We urge you to stand with Councilmember Koretz, both Los Angeles Mayoral Candidates Karen Bass and Rick Caruso, and both CD5 City Council Candidates Katy Young Yaroslavsky and Sam Yebri all of whom have vocally and unequivocally opposed this inappropriate project. Every major environmental group in the region stands with our community in opposing this project — among them are the Hillside Federation, Tree People, The Santa Monica Mountains Conservancy, the Bel Air Beverly Crest Neighborhood Council, the Benedict Canyon Association, and the Sierra Club Santa Monica Mountains Task. Please join the thousands and thousands of citizens of Los Angeles who need your support in ending this proposed General Plan Amendment.

Leaders like yourselves have protected the Santa Monica Mountains — and the zoning regulations that have been essential to the Los Angeles region — for generations. We urge you to continue that legacy and approve the Koretz Motion today.

With gratitude,
Susan Kilpatrick
