Comments for Public Posting: I've been hiking in Griffith Park since the 1990's and visiting the LA Zoo nearly as long. So, please support Alternative 1 ? • Don't destroy 23 acres of native habitat, including 227 LA City-protected trees • The full project is counter to City priorities, including the Biodiversity Report and the LA Sustainability Plan • The LA Zoo will still benefit from zoo animal care improvements and many visitor amenities if Alternative 1 is implemented Keep Griffith Park as natural as possible, when that land and those endangered trees are gone, they'll be gone forever.
