Comments for Public Posting: I'm in full support if council member Mike Bonin's Housing Now legislation. We have far too many people living on our streets, parks and throughout our city. It's not only heartbreaking to see people living like this, but the amount of rubbish that is piled around them is also horrible to see. We need every single unhoused person housed with services for them. If they have pets, they need to be able to stay with them. This is such a moral crisis and I can't even believe Los Angeles has let it get this far. Please support this legislation.

Comments for Public Posting: As a Los Angeles City and County resident, I have noticed in recent weeks a drastic increase in homeless encampments and garbage pile ups all over West Los Angeles, Culver City and the Del Rey neighborhoods. It is a travesty and inhumane condition considering the Pandemic and the wealth of this area of the City. If the moratorium on evictions is not extended, we will only see a massive increase in homelessness that has already reached crisis proportions. The City needs to do something and NOW! Pass 21-0863 - HOUSING NOW!

Comments for Public Posting: Housing is needed but it must not bankrupt the city and place an onerous burden on the taxpayers. Too many of the proposed projects are far too expensive and are unsustainable when scaled up. The city does not have billions of dollars to address this issue unless the real goal is to drive the middle class out of Los Angeles. Our streets and sidewalks are filthy. Our infrastructure is crumbling and is unable to sustain the density and up-zoning being proposed. Spending money for motels and converting them to apartments sounds like a great idea until the public finds out this is a giveaway to non-profits who are not only going to be paid to provide services but are deeded the property. Any housing built under this plan should not just be for 55 years but should be forever so that we don't have the problem we now have of expiring Section 8 housing.

Comments for Public Posting: Please help to find housing for the “street encampment “ on San Vicente Blvd just north of Wilshire. It’s horrible and pathetic in this great country to have people living (and dying) on our local side walks!! There were TWO murders in this encampment in the past few weeks! It’s unsightly and unsafe!! Trash is often spread around the neighborhood ! It is simply not acceptable !! Please make some changes to make this illegal (which I believe it already is...) AND ENFORCE IT!! Find them a decent place to live!!

Comments for Public Posting: The Housing Now legislation is what we need to bring the Encampments to Homes solution to other neighborhoods beyond Venice.
