Comments for Public Posting: Regarding item # 34 on the agenda and Council File # 21-0878
Dear councilmembers: I am writing to oppose the adoption of the ordinance you are considering first week of Oct. to article 10 Chapter XX to require proof of COVID-19 vaccination at indoor public locations. This mandate is a violation of the United States Constitution. Do you know just how detrimental this mandate and the associated penalties will cripple the economy even more and destroy businesses that have barely made it this far through the pandemic? I implore you to consider less restrictive measures that other cities around the country have taken to reduce COVID-19 exposure; cities whose infection rates have never been as high as Los Angeles. Our city has experienced some of the toughest mandates in the country, and yet infection rates are still higher than almost every other city in the country. Something isn't working here. Further, discrimination against unvaccinated individuals makes zero sense since so many fully vaccinated individuals are still contracting the virus at alarmingly high rates. This is not the answer. Thank you.

Comments for Public Posting: I OPPOSE proof of vaccination to enter any building. Whether people are vaccinated or not, it is unconstitutional to ask for proof. It is against The Civil Rights Act. It is against Penal Code 51. It is segregation and discrimination. It is completely unlawful. I hope you do the right thing and vote in opposition!

Comments for Public Posting: Who would have ever thought that the United States of America, the Land of the FREED, would even consider the idea of a vaccine passport!? The City of Los Angeles should be ASHAMED of themselves for proposing such an unconstitutional and “Nazi Germany” item to the agenda. The City Council must vote NO on this proposal, otherwise Los Angeles will no longer be the City of Angels but instead the City of Demons. The People, not the select few of the council, have the right to choose their own fate and are responsible their own health. And for all of those who support this type of tyrannical law, well I guess we know what side of history you would have been on during the Holocaust.

Comments for Public Posting: I find this morally reprehensible and ethically irresponsible. If I wanted the vaccine; I would have received it already. In effect you are bringing back segregation. This will affect minorities the most. This behavior parallels that of socialist dictator Adolf Hitler and the Nazi party, that is what you have become. Stop this nonsense now. This unconstitutional mandate will further trivialize our health and affect the entire city economically. Vote against this mandate, stop the madness.

Comments for Public Posting: Your mandates and vaccine are unjust and very possibly evil. Data is showing that the vaccine is not working and is likely to harm the recipient. I have been exposed to people w positive covid in my home . I got tested twice and never got sick.. my kids 14 & 18 yrs old recovered just fine. You who impose this will be held accountable if not by your constituents then by God who will judge us all.

Comments for Public Posting: I am first generation Mexicano / Americano here in what once used to be the great City of Angels. It's is now ran by the homeless and by criminals stealing everything they can in sight. I am quite ashamed now to call LA my home. Furthermore, the City Council and the Mayor are now acting like Hitlers SS Police. You folks want to mandate this vaccine on everyone, when it should be ones choice. Just a short time ago I remember you folks standing up for woman's rights, "My Body, My Choice." Now all of a sudden this mandate on our children and everyone else in the City. I highly oppose the vaccine mandate!!!

Comments for Public Posting: I oppose requiring vaccine proof to enter a business. This is segregation and is wrong. This is an abuse of power. Please respect people's right to choose what medical treatment they have and what they put into their bodies. Please respect people's religious objections. Please respect those with natural antibodies which are proven to be better. Stop trying to force people to take an experimental Injection if they dont want it.

Comments for Public Posting: Why is the City Council even considering this action? There have been NO discussion/consideration given to those who may have NATURAL IMMUNITY. There have been no discussion/consideration given to those who may be unable to get the vaccine. There have been no discussion/consideration given to those who may have already had the virus and recovered therefore having the antibodies to combat this virus. The City Council is not considering the impact this moronic proposal would/will have on businesses in Los Angeles.; If this moronic proposal is passed, people WILL take their business to either Orange County, San Bernardino County, or Ventura County. It is time for the City Council to take a stand and say NO to keeping the residents of Los Angeles HOSTAGE to the whim of the State. Does ANYONE know how many people have been vaccinated in Los Angeles County? The City Council NEEDS to say NO to this MORONIC/IDIOTIC/ASININE proposal. The people of Los Angeles have put up with being held HOSTAGE for to long.
