Comments for Public Posting: Requiring vaccine passports is beyond the pale! But, we e people already know that these public comments are all “theatrics” and you will vote based on whose payroll you’re on...how much \$\$ are you getting g to sell your soul? We the people will NEVER COMPLY with your tyrannical, unconstitutional mandates. The only thing you will accomplish is decimating what’s left of our economy. Advice? What authority to you answer to? God or your pimp?

Comments for Public Posting: # 34 on the agenda and Council File # 21-0878 Dear councilmembers: I am writing to oppose the adoption of the ordinance you are considering today September 29, 2021 to article 10 Chapter XX to require proof of COVID-19 vaccination at indoor public locations. This mandate is a violation of the United States Constitution. Do you know just how detrimental this mandate and the associated penalties will cripple the economy even more and destroy businesses that have barely made it this far through the pandemic? I implore you to consider less restrictive measures that other cities around the country have taken to reduce COVID-19 exposure; cities whose infection rates have never been as high as Los Angeles. Our city has experienced some of the toughest mandates in the country, and yet infection rates are still higher than almost every other city in the country. Something isn't working here. Further, discrimination against unvaccinated individuals makes zero sense since so many fully vaccinated individuals are still contracting the virus at alarmingly high rates. This is not the answer. Thank you. Lisa B

Stop the dictatorial & tyrannical mandates!!!! Each person will make their own health decisions for their own bodies through freedom we have that was endowed by our Creator, and as it clearly states in the United States Constitution and our Bill of rights!!!! There should not be discrimination based on vaccination or mask status. Children & family members should not be "other- ed" or put into groups of "the vaccinated " and into "the unvaccinated" group. Just as it was wrong to put people into the "blacks only" and "whites only" groups. Just as it was wrong to put people into "Jews" and "Non-Jews" by the Nazis. Children & their family members should not be punished for the healthcare decisions they make. "Unconstitutional overreach has no place in America. Not now, and not ever." Every person should be free to choose to wear or not wear a mask, and to choose to be vaccinated or not be vaccinated because of the freedom we all enjoy in America. Each person should not be punished or coerced into healthcare decisions about their own bodies. I remind you to demonstrate regard for the rule of law and the freedoms of each individual under our Constitution of the United States of America. Our Constitution was written and fought for to protect our liberties as American citizens both young and old.

Comments for Public Posting: Requiring vaccinations in establishments is an important step to stopping the spread of Covid and getting back to "normal" faster. My concern is the cookie cutter approach begin taken. It will apply to some and not others. This is why we continue to have this spread. It needs to be either all or nothing. Either you make it all indoor establishments or none. Why single out some. This vaccination requirement should include the Grocery Stores as well. They are super spreaders as people touch the food boxes and fresh vegetables and put them back, and many don't have their faces fully covered if at all, and the produce section is always the most crowded. Then there is the checkout area which are never wiped down. While I understand that food is a necessity so are many other things and there are other ways to get food easily (Amazon Fresh delivered to your door, Ralphs outdoor pick up and many more). I am all for vaccinations being required but please require it at all indoor establishments, no exemptions and let's put a stop to Covid.
